Our Goals

- To provide strategic and technical value to our clients through innovation and a cost effective supply chain.

Our Mission

- We take great pride in being able to offer our clients our wealth of experience and access to world class products through our key relationships with the manufacturers.
- To provide outstanding, complete, and innovative supply chain solutions
- Continue to look for new process improvements in all that we do
- Consistently provide services that meet or exceed customers' needs and requirements
- Perform each of our function with a "Do it Right the First time" performance standard and "Can Do" attitude

Our Values

- Involvement and Empowerment
- Quality Products
- Recognition and Rewards
- We emphasize relationships and concern for others

COMPANY HISTORY

Afrika Enokhanya Pty Ltd was founded in 2011 by two South African Entrepreneurs, Phakamile Adonisi and Nonhlanhla Jiyane after working for about 15 years in different industries ranging from banking, manufacturing, mining and mineral processing between themselves. This is a 100% black owned enterprise with 50% shareholding by women. We currently have a BBBEE level 3 rating and regarded as Exempted Micro Enterprise.

Afrika Enokhanya Pty Ltd has spent many years in competitive supply chain strategies and project management techniques, and this allows us to provide our clients with the most appropriate turnkey solution incorporating technology and equipment supply.

PROCUREMENT

- We perform stringent processes to shortlist vendors, price optimization, managed inventory, and evaluation metrics to smoothen supply chain performance.
- Effective sourcing can add considerable value to an outsourced solution.
- We apply the knowledge of market supply and leverage consolidated buying volumes right across the various business of our clients to achieve competitive inputs costs. At the same time, we remove from the customer the cost of managing these activities and transactions. Our purchasing organization is developing and deploying professional purchasing techniques to deliver value - above and beyond price - for a broad range of products.
- We manage and communicate purchasing schedules to suppliers, prioritize and fulfill backorders, and notify customers of delivery information. With our strong vendor database and contacts with the direct suppliers and manufacturers, we drill down the product cost, while maintaining the premium quality as needed.
- We source from BBBEE compliant vendors in supporting the DTI codes of BBBEE initiatives.

DIRECTORS' PROFILE

Mr. Phakamile Adonisi (40)

- NDip Mechanical Eng, Bachelor Business Admin, BCom Supply Chain, and MBA
- South African
- Born 1976

Phakamile started his career at the then Iscor in 1994 as an apprentice Fitter and Turner. After his trade test at Olifants-fontein he enrolled for a National Diploma Mechanical Engineering at Vaal Technikon in 1997. In 1999 he started working as a Production Technician for Element Six in Springs. He moved to Iscor in 2001 and worked as a Maintenance Planner. After graduating with a Bachelors degree in 2007, he moved to Linatex Africa as a Project Engineer responsible for Tender Bid Proposals in the Capital Sales Department. This is where he started interacting with global suppliers. In 2010 he moved to FL Smidth as a Project Cost Estimator in the Procurement and Proposal department responsible for sourcing competitive materials globally with a view of supporting tender proposals. In 2013 he moved to Outotec Sub Sahara Africa as a Cost Engineer in the Proposal Department, reporting to Vice President-Supply. He has worked on various projects ranging from mining, mineral processing and manufacturing with project value of between R1 million to R5 billion. Mr. Adonisi has just been appointed as the Member of the Council of Community Education and Training Colleges (CETC), which is a new agency of Department of Higher Education and Training.

Ms Nonhlanhla Jiyane (38)

- NDip Cost and Management Accounting, BCom Marketing
- South African
- Born 1978

Nonhlanhla has been with Standard Bank for 14 years after graduating with a ND Cost and Management Accounting in 2000. She has also graduated with a Bcom International Marketing from the North-West University. She has served in various positions ranging from a Teller, Sales Consultant, Compliance Auditor, Business Banker, and Bulk Acquisition Specialist within their personal and business banking division. She is a very hands-on person and enjoys field work
